

Good Citizens Care Relief Fund

One of the most unique parts of Camp Rosenbaum is the incredible volunteer staff who come together to create an unforgettable week for our children. Over 200 volunteers annually contribute not just their time, but also a lot of heart and energy to our campers. We consider our volunteers to be family.

In 2020, we had several members of our Camp family who were severely impacted by the wildfires in Oregon. Some even lost their homes. Since then, we have had members directly affected by COVID.

Good citizens care, and we want to do all we can to help so we created the Good Citizens Care Relief Fund for these volunteer staff who are struggling.

All contributions (100%) to the Relief Fund will go directly to these volunteers who are requesting assistance. We are in the process of forming a committee who will approve applications and determine grant awards

How to request funds

You can request a grant for yourself, or you can nominate another staff member to receive a grant. Please send an email to Crystal Kroeller (crystal@camprosenbaum.org) with the subject line: GRANT REQUEST - GOOD CITIZENS CARE.

Include the following information:

1. Your name and contact information (phone and email)
2. Name of recipient of grant (yourself, or the person you are nominating)
3. *If nominating someone else*, phone and email of recipient
4. Amount requested
5. Please briefly describe the reason you are requesting funds

How funds are awarded

We have created a committee that includes members of our staff and board, as well as representatives from our Triad Partners: Home Forward, Oregon Air National Guard, and Portland Police Bureau. When a request is submitted, the information will be forwarded to this committee for approval. The committee will make their best effort to approve funds in a timely manner, knowing the urgency of the situation.
